Teesside University

## Scope of Requirements

The Open Framework is unique in its service area and structure, covering topics that are very much at the forefront of the education sectors needs, such as translation and interpretation services for students and their families who may not have English as their first language, to therapy and psychology services to support the mental health of both students and staff.

The Open Framework will operate for eight years, with various openings throughout the duration to allow for new entrants and tweaks to the structure and specification. The frequency of the opening of the framework will be determined following the first 12 months of operation.

The Lot structure and suppliers within each area can be seen within this webpage. If you require any assistance in utilising this framework, please contact the Framework Manager. Whilst named Education Professional Services, this framework is also open to the wider public sector, via Crescent Services Limited, due to the fact that most of the services can be utilised outside of education. Members of NWUPC and NEUPC can also utilise the framework.

## Call Off Method

Under Threshold (Contract value of £207,720 or below)

· Direct award to any supplier on the framework – if your institutions financial regulations allow

· Quotation exercise via the CPC Quote Tool

· Mini Competition via MultiQuote or an alternative e-tendering system

Above Threshold (Contract value of £207,720 or above)

· Direct award to the top ranked supplier for that Lot (unless this supplier confirms they cannot fulfil the contract, then you can approach the second highest ranked supplier, and so on)

Mini competition via MultiQuote or an alternative e-tendering system
